

## Discussion:

How to tell?

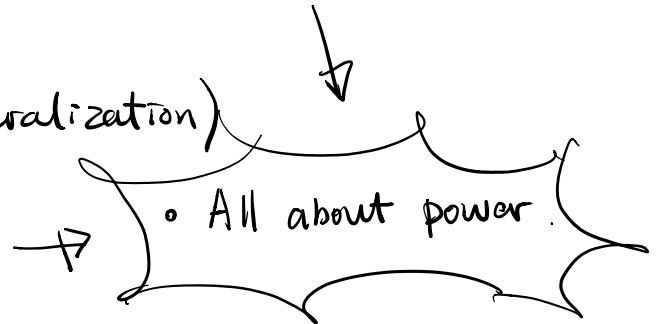

- Origin
- Function
- Effect.

### x Generalization

- Induction
- rational effort to categorized.; aiding our power working
- ↑ people 'ability

### x Stereotype (a kind of generalization)

- Social / political struggle from inequality
- To sustain the inequality among socially structured group.
- Aim to have negative effect.  
→ Common Sense

Grounded in facts? No. it distorts the fact.

### First Nation Stereotypes:

messy, unclean → disgust

nature, stoic, welcoming, compliant, non-Western.

"Real Indian."

Settler's ideas of "the old way".

not modernized.

uncivilized.

"good Indian"

metaphysical connection w/ the "Indian world."

Who is willing to give their land away.

"The song of Hiawatha". → stereotypes for the white.
