Notes: Final grades are released by the International Baccalaureate in July. All students at Pearson College pursue the International Baccalaureate Diploma Programme, in English. Pearson College restricts the number of universities to which students can apply to 7. Any application an institution receives from a Pearson student is a serious one. Pearson College does not provide any formal preparation for the writing of standardized tests such as SAT and TOEFL. Very few students have the opportunity to write any of these examinations more than once.
