page layout ◁─────── How is it organized?

art & art style.   panel order?

text/image interaction   panel & border vary?

                    ▷ Next Page.   ↓ Yes

                                        How does this affect
                                            meaning?

        Point of view
        (film term) ─── close up
                         zoom   dull/bright colors
                         long shots.   ultra-detailed pictures.

            angles
                         "bird's-eye view"
          low angle eye level

        Does the art focus your attention on particular actions?
                                                        How?

        color?. palate?

        style: cartoonish? abstract? photo-realistic?
              over-the-top? dramatic, realistic

        the world depicted?
                                            Blank space
        background? detailed or schematic   gutter
                                            Symbols.
                                            Emanata
                                            Punch line.

        simple   complex
        iconic   realistic
        subjective ───   objective
        universal   specific
        abstract   concrete.

TEXT & IMAGE.

purpose: ~~diago~~ dialogue
narration
sound effect
commentary
clarification.
image.

- text boxes
- speech balloons
- sign
- clothing text.

○ bolded text:
give a sense of spoken emphasis
and volume.

Narrative panel types:

Orienter → Establisher → Initial → Prolongation
→ Peak → Release.

- structure #: content & page layout.
- Colorful ; eye view ; focus on form ~~rad~~ & story rather than other things.
- Style : cartoonist ; simple, iconic, ~~&~~ subjective.
- Use of Emanata. (Panel 5~~0~~ & 7).
- ~~Dram~~ Dramatic facial expressions.

Text :
{ dialogue.
  Sound effect. (Heyy !)
  narration ("shove!")

{ ~~color~~ background color (last panel)
  bolded.
  color (Panel 7).

{ explains the graph.

image :
{ Peak / tension,
    plot development.

Iconic :
{ simplicity (style).
    → focus on the content instead.
  facial expression.
  Emanata.
  mind.
